MEDICAL

Examination of Employees is Good Business Say Speakers before Council.

(BY ASSOCIATED PRESS)  
WASHINGTON, D. C., May 9.—"The Medical Examination of Employees" was discussed by several speakers before the Advisory Council of the National Association for the Study and Prevention of Tuberculosis, in session here. The heads of two big Chicago houses, employing thousands of men, testified that the regular medical examination of all employees was not only humane, but "good business."

Dr. Theodore S. Sachs, chairman of the committee on factories of the Chicago Tuberculosis Institute, reported upon the first three years' work of the committee. He said systems of medical examination were in various stages of development in fifteen large industrial concerns in Chicago.

"At present, the cost of the examination is borne by the firms," he said, "but it is evident that with the spread of the principle, medical examination must become eventually a part of industrial insurance."

Dr. Sachs said he hoped to see the plan extended to every large city of the United States. Already preliminary steps have been taken, he said, in Newark, N. J., Buffalo, N. Y., Grand Rapids, Mich., and other cities.

GRAY BLUE

Cloth to Supplant Dark Uniforms of Swiss Alpine Troopers Sent by Emperor.

(BY ASSOCIATED PRESS)  
GENEVA, Switzerland, May 9.—The Emperor of Germany, who since his visit to the Swiss maneuvers two years ago, has shown great interest in the Swiss army, believes that the present somewhat dark uniform worn by the Swiss Alpine troops makes them too conspicuous against a background of snow. He has therefore just forwarded through his minister at Bern a hundred square yards of a specially made gray blue cloth to the federal government.

The gift has been accepted with thanks and the cloth now is being converted into uniforms for the Alpine company, as an experiment. It is not said, however, that if the experiment proves a success that the emperor will provide a larger stock of cloth to all the Swiss Alpine battalions.
